ITW Welding

What You Will Experience

The expo floor is self-guided, giving you direct access to live demonstrations across a wide range of technologies and solutions:

- Sub Arc with Hercules
- Plasma cutting and induction heating
- Welding power sources and engine drives
- Laser welding and handheld laser systems
- Weld wire, training solutions, and process improvement
- Robotic and cobot welding demos from Miller, Panasonic, Fanuc, and Productive Robotics

Seminars (Pre-Registration Required, 3 Max Per Attendee)

Seating for each session is limited. Reserve your selections at registration.
